Subject: Microsoft Settlement

It's time to put this case to rest. Why does everyone want to always pick on the big and successful? Our society encourages us to be successful and then when we are everyone complains, especially the ones not smart enough to make it on their own.

This case is nothing but a bunch of spoiled brates who can't stand losing to Bill Gates, they don't like him. They need to spend their energy worrying about their companies, not Microsoft.
